INVESTMENT BANKING DIVISION EMEA OFF CYCLE PROGRAMME IN PARIS GERMAN, SPANISH AND ITALIAN SPEAKERS

ABOUT THE INVESTMENT BANKING DIVISION

Our division works on some of the most complex financial challenges and transactions in the market today. Whether advising on a merger, providing financial solutions for an acquisition, or structuring an initial public offering, we handle projects that help clients at major milestones. We work with corporations, pension funds, financial sponsors, and governments and are team of strong analytical thinkers, who have a passion for producing out-of-the-box ideas.

CREATE A WORLD OF POSSIBILITIES

We are looking for a skilled and motivated student to join our Investment Banking team in Paris.

You will work alongside industry experts and strategic thinkers at all levels, gaining hands-on experience unlike anywhere else. All at a place where your ideas matter and your personal and professional growth are front of mind.

HOW YOU WILL FULFILL YOUR POTENTIAL

Investment Banking interns will work with analysts and associates at Goldman Sachs and gain exposure to the firm's businesses and expanded knowledge of the investment banking industry, as they develop key analytical, communications, marketing and sales skills. They create and analyse financial models, performing scenario analyses and tests to examine the effects of client alternatives.

In addition, they organize and prepare presentations, which explain industry trends, discuss client options, and recommend strategies to meet client goals. They may also participate in and conduct due diligence sessions, a necessary component of financial transactions. From maintaining client communication to helping Goldman Sachs structure client transactions, our analysts and associates are a vital part of Goldman Sachs' banking teams.

JOB RESPONSIBILITIES

Off-cycle interns in the Investment Banking Division assist our advisory teams in structuring and executing a full range of financial transactions.

Responsibilities include:

- Creating financial models
- Preparing client presentations
- Conducting business due diligence sessions
- Managing transaction processes
- Structuring transactions

APPLICATION PROCESS
